

GI-BMP 2013

Green Industries Best Management Practices

March 28, 2013
8:30am – 3:30pm
UF / IFAS Palm Beach County
Extension: Belle Glade Office
2976 SR 15,
Belle Glade, FL
33430

Earn Your GI-BMP Certificate of Completion ~ prerequisite for the Urban Fertilizer License

WHY ATTEND

Best Management Practices (BMPs) became law in 2009 to preserve and protect our water resources from non point-source pollution. Topics include proper fertilization and rates, application methods, pest management, irrigation, cultural practices, and types of fertilizers.

The Urban Fertilizer License will be required by January 1, 2014 for anyone commercially applying fertilizer to an urban landscape (and sooner in some jurisdictions). The GI-BMP Certificate of Completion is the prerequisite for this license, and is earned by successfully passing a post-test at the end of the workshop.

Palm Beach County Board of County Commissioners
